## Waxing Products

### THE WORLD'S BEST SINCE 1978

LYCON, Australia's #1 Wax Worldwide, enjoys a well-deserved international reputation as the crème de la crème of depilatory waxes and is the wax of choice in top spas and salons in over 70 countries and counting. Formulated with the finest resins, pure beeswax and sensuous aromatherapy and natural plant oils, LYCON is the world leader in quality waxes which deliver superior results! LYCON is a Waxing System, not just wax! Our low temperature, super pliable and gentle waxes provide a nurturing and skin conditioning treatment for extra client comfort on even the most sensitive skins! It is no wonder clients and therapists the world over love LYCON!

#### ALUZENE STRIP WAX

*with Chamomile and Sweet Almond Oil*  
Additional client comfort with the soothing and extra gentle benefits of Azulene, a Chamomile plant extract. 800 LM ( 27.05 oz.)

LY3008 .....40.00

#### ACTIVE GOLD STRIP WAX

*With Chamomile and Micro Mica.* Glows like gold and removes hair effectively, gently and quickly. Contains the soothing benefits of Chamomile and the finest grade of gold Micro Mica, for extra gentle waxing and no skin drag. 800 LM ( 27.05 oz.)

# Waxing Products

## LYCOJET Hot Waxes

Sensational and technologically unique LYCOJET stripless hot waxes are used thinner than traditional hot waxes and are a must have in every salon. These low temperature waxes for the face and body are super pliable, super strong and virtually pain free! LYCOJET shrink wraps and removes hair as short as 1mm. These extra-gentle waxes can be re-applied 5-6 times on just waxed skin without discomfort or irritation.

### ROSETTE HOT WAX XXX

*With Rose, Chamomile and Titanium Dioxide.* This premium, creamy pink wax contains soothing Chamomile and Rose, blended with LYCON's latest and unique Titanium Dioxide technology. Exceptional for extra sensitive areas, perfect for Brazilian waxing! 1 KG. 35 oz

LY1400 .....38.00

### AZULENE HOT WAX

*With Chamomile*  
Increase client comfort with the soothing and extra gentle benefits of Azulene, a Chamomile plant extract.  
1KG 35 oz.

LY1300 .....38.00

### LYCOJET LAVENDER

*with Lavender and Chamomile*  
Unique LYCOJET Hot wax, in majestic purple with the soothing properties of Lavender and Chamomile. Excellent for all delicate area waxing and fabulous for Brazilians! 1 KG 35 oz

LY2000.....38.00

### LYCOTANE SKIN CLEANSER

*With Jasmine and Chamomile*  
This gentle, refreshing cleanser is used before all face and body waxing to effectively remove surface oils, perspiration, pollution, make-up and cream residue from skin. Also important to use after all waxing to cleanse the skin and to help close the hair follicles.

500ml 17oz

LYLA1 .....16.95

### PRE-WAXING OIL

*with Apricot Kernel Oil, Jasmine and Chamomile*  
This unique LYCON Pre-Waxing Oil pre-soothes and protects the skin while hot waxing, as it ensures the wax only grips the hairs and not the skin. LYCON Pre-Waxing Oil makes waxing extra comfortable, as it minimises skin drag and helps to prevent skin from coming off with the wax. It is important to apply LYCON Pre-Waxing Oil before all hot wax applications and reapplications and is a big advantage to also apply very little of it before strip waxing on dry skin. In addition, it makes waxing painfree and clean.

500ml 17oz

LYP01 .....18.00

### PERFECT FINISH

*With Apricot, Sweet Almond and Lavender*  
This post-wax oil removes possible strip wax sticky residue, while soothing and moisturizing the skin at the same time. 500ml 17oz

LYPF1 .....18.00

### SOOTHING CREAM

*With Chamomile and Rose*  
This luxurious cream, enriched with Shea Butter, Rose and Chamomile re-hydrates and soothes dry skin after hot and strip waxing. Skin is moisturized and delicately perfumed with its soft Rose scent. 500ml 17 oz.

LYSCA1 .....18.00

### WAX SOLVENT

LYCON Wax Solvent quickly and effortlessly dissolves all types of wax from linen, clothes, wax heaters, spatulas, furniture, equipment, carpet and floors. Saves time on cleaning, and is pleasantly scented. 500ml 17 oz.

LYWS1 .....16.95

# Stone Massage

**Description;** Introducing a new innovative way to perform stone massage using pure Himalayan salt hand carved into massage stones. The warmer is a green, low-energy, eco-friendly warmer. It uses no water, no chemicals, and reduces power use by 80%. Its energy source is shielded to protect the therapist and guest from EMFs (electromagnetic field, i.e. bad electricity). It utilizes LED lighting to heat the stones to their maximum temperature in 40 minutes, and includes a 7 day timer for automatic start-up and shut-off matching spa hours. The warmed salt stones emit negative ions in the treatment room benefiting therapists and clients by reducing their oxidative stress. Stones are sprayed and wiped clean with a 100%, all natural, EPA registered, hospital-grade disinfectant. The warmer and stones emit negative ions to reduce pollen, allergens, EMFs, etc., as well as, a beautiful glow. In these models, a poly-carbonite bowl acts as a container for the Himalayan salt massage stones. 12 Stone or 18 Stone set.

## Atlas Flex Salt table for Massage and Relaxation

### ATLAS FLEX-BLOCKS SALT TABLE

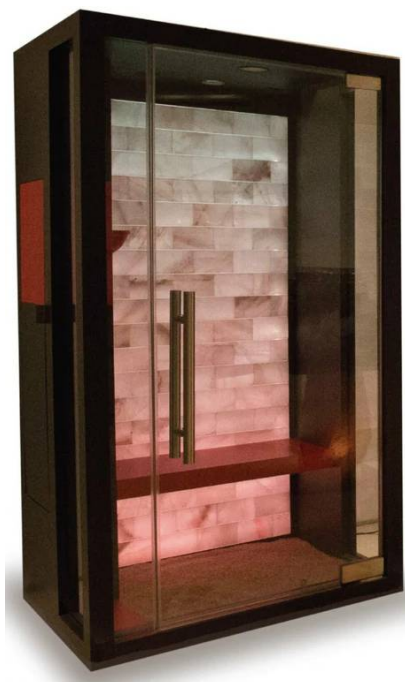

The Atlas Flex-Block™ Salt Table provides an easy-to-use and ultra-comfortable system to deliver the healing properties of salt. This next generation salt table is like no other. Our exclusive Himalayan Salt Flex-Block™ bed allows spa guests to lie directly on a solid surface of salt. Unlike granular salt beds, the Atlas Salt Table is easily sanitized with an eco-cleaner before each treatment. Salt is one of the Earth's oldest healing elements with recorded accounts of its therapeutic use dating back to 1600 BC. Your clients will benefit from the healing power of Himalayan Salt, known to improve respiratory function, soften skin and provide stress relief. The Atlas Salt Table can be used for massage and body treatments, or on its own for relaxation and rejuvenation.

#### Features that make the Atlas Salt Table revolutionary include:

- Top-grade Himalayan Salt blocks on a flexible surface that is comfortable, soothing, and elegant
- Manufactured from sustainable material, including natural salt and bamboo that are ideal for "green" spas
- Motorized height adjustment, making it easy to get on/off and comfortable for the therapist
- Ergonomically-designed with no walls or sides to climb over or reach around
- Lightweight, removable padded top converts the Atlas Salt table to a traditional massage table with face cradle, making the treatment room available for full-time use
- Convenient warming drawer for products, tools and towels
- Drip tray below Salt Table to protect motors, frame and floor (easy to remove and clean)
- Storage drawer in addition to warming drawer.

### SALT CAPSULE

Provides therapeutic and wellness benefits.

Designed by architect Robert Henry, the Salt Capsule TM

Is the size of a standard shower – 3'x4' with a tempered glass door and two side-light glass panels. Users comfortably sit down, relax and read, meditate or listen to music. Dry Salt Therapy offers an effective way of using salt's natural antibacterial, anti-inflammatory and super absorbent properties to provide a variety of wellness and beauty treatments. Dry salt therapy absorbs and removes foreign toxins and substances from the respiratory system, opens airways and increases oxygen flow, improves the skin's micro-circulation, accelerates cell rejuvenation and improves skin health. Research has also shown that Himalayan salt crystals emit natural occurring negative ions that reduce stress and fatigue, while supporting a sense of well-being.

#### Features:

1. Signature Column: Halogenerator, Ventilation, Power, Music Connection
2. Hard Wood Floor, Ceiling, + Walls
3. Back-lit Himalayan Salt Brick or Back-lit Image Wall
4. Tempered Glass Door
5. Himalayan Loose Salt Rocks

The multifunctional water-massage bed "SENSO" maximizes the earning power of the cabin thanks to its various applications fields.

**Aroma diffuser.** The mattress of the "SENSO" water-bed is made of anti-allergic plastic that has been designed with care and built using the latest anti-ageing techniques and materials. Inside the mattress has communicating compartments that have been designed to reduce as far as possible the wave-effect produced by the user's movements while maintaining the sensation of being cradled by water that caresses the user's body.

**Beauty and wellness programs.** The water temperature is electronically controlled at pre-set values and can be easily supervised by the operator from a control panel, where at the simple push of a button the following programs can be selected: Toning: the mattress temperature rises to 32°C Relaxation: the mattress temperature rises to 36°C Slimming: the mattress temperature rises to 40°C

**In Harmony with colors.** The chromotherapy boosted lighting is homogeneously distributed all over the mattress as the light spreads through the water itself.

A parallel lighting system completes the sensation of harmony within the area where the bed is positioned by creating a play of light from below the bed to the floor.

**Collagen Function** SENSO is equipped with an additional electronic control which regulates 160W collagen neon lamps that can be lit on demand, in conjunction with SCIC (the collagen photobiostimulation panel), to combine photo-rejuvenation

treatments with the pleasant sensation evoked by lying on a heated water-bed.

The SENSO is perfectly suited for body treatments around the pool. A system for filling the mattress is included. Imported from Italy. 220 Voltage only.

The thermal center for your clients, the Vapor Bed "ACUA", offers itself as a multifunctional tool able to offer various possibilities of utilization (vapor bath, Scottish shower, massage, chromo therapy combined with music therapy) and to maximize its earning power.

**ACUA** has a very functional and unique design with new technological characteristics such as a rollaway arm with Scottish shower and a safety system on the water supply, adjustable electric back rest, possibility to subdivide into different zones fixed part of the support base, personalization of colour and music cycles. An easy and intuitive control console allows the personalization and setting of the working cycles and the pre set programs.

ACUA features an optional electrical lifting system which allows the operator to work at the most comfortable height and permits clients to get on and off the bed with ease. An important system of LED lights creates a pleasant play of light from the top of the bed to the bottom and under the bed with an elegant tray shelf made of Plexiglas. A thermo regulated mixer and a hand shower with built in water tap, always ready to be used, lets the operator easily clean the worktops as well as rinsing the client's body at the end of session.

# Soli-Lite

Biological reaction to light is well studied and documented.

- There are many examples of photochemical (*light*) reactions induced in biological systems.
- Example of a photochemical reaction: The synthesis of vitamin D in our skin.

**Photoactivation is influenced by the quality and power of LEDs**

▣ **Soli-Lite = highest photodensity LED array,**

▣ **New unique patented LED technology «High Radiant Flux » = 100 time more powerful**

▣ **Precise & stable monochromatic wavelengths (+/-5)\***

▣ **Narrow beam 30° - 40° High Intensity-3 W LEDs**

▣ **Excellent quality, superior service life**

\* (Older LEDs = too low and unstable photon intensity an unspecified wavelength (+/-20nm or more)

▣ 3 W "Focused Beam" LEDs that increase intensity, homogeneity and eliminate the need for optical lenses

▣ Optical positioning creates a compounding effect that delivers the necessary amount of photons for rapid photoactivation

▣ Deep penetrating & easily absorbed wavelengths impacting dermal fibroblasts and deep subcutaneous tissues.

**How does light work on cells?**

▣ **Photochemical Effects:** Red visible light primarily affects mitochondria via cytochrome C oxidase resulting in ATP production.

▣ **Photophysical Effects:** Near infrared light is absorbed by the cell membrane, triggering activation of ion pumps and membrane transport mechanisms.

**Conclusion:** Visible or near infrared light produce similar results = cellular **activation**

## MAIN INDICATIONS

**Soli-Lite Blue 415nm**

• Acne (mild, moderate, severe & cystic acne)

**Soli-Lite Red 633nm**

## The Silver Peel and our all new "CRYSTAL FREE"

The Silver Peel is a "crystal free" Diamond Tip device aimed at professionals seeking an alternative to traditional crystal microdermabrasion. Features include: Digital intensity adjustment, Soundproofed casing, SMART software for ease of maintenance, Utilizes HEPA filters

ST11421 .....2,395.00

## Now you can convert all our Micro Dermabrasion units to Diamond Tip.

ST16681 Diamond Tip complete Kit .....329.00

ST16542 Diamond Tip Adaptor .....63.00

## The Essential Peel and our distinctive TURBO FLOW PROJECTION SYSTEM:

Operating with our distinctive TURBO FLOW PROJECTION SYSTEM:

Delivers an optimally distributed, even jet spray of pharmaceutical grade, high-purity corundum crystals. Greater, more powerful suction for a quasi-total elimination of residue. Easy to use disposable crystal cartridges. Two types of specialized disposable synthetic polymer tips that ensure more secure and hygienic use. Two external HEPA filters for added convenience and easy replacement

ST11422 .....3,495.00

The Silver Peel is ideal for those who covet a crystal-free unit while the Essential Peel is preferable for those that appreciate a crystal microdermabrasion unit. This is a personal choice and opinions vary depending upon practitioner experiences. For those with little experience with either, demos are strongly recommended.

**Why?** The Essential Peel and the Silver Peel are inherently unique because although they are very reasonably priced to sell, they are also high-quality machines that will yield excellent results. Estheticians and spa managers who are new to microdermabrasion or who perform few treatments at present, will find it easy to receive a fast ROI on these units. The Essential Peel and the Silver Peel, compared to the Vortex Peel, are not as expensive; however they are not as intensely powerful either. For this reason we strongly recommend these units to those practitioners who perform treatments to the face and those who use the treatment in conjunction with chemical peels

## Radiant skin is only a treatment away.

Silhouet-Tone microdermabrasion systems are designed to gradually erase flaws and blemishes. Each pass removes a precise amount of surface cells, allowing softer, brighter skin to emerge. Powerful exfoliation and vacuum action encourage the production of higher levels of collagen and elastin—improving skin's appearance and reviving your youthful glow. This treatment is designed to refine pores, exfoliate coarse skin, and reduce uneven pigmentation while smoothing superficial scars and blemishes. By revealing new layers of the epidermis, the treatment allows creams and serums with powerful actives to further penetrate the skin.

The Silver Peel and the Essential Peel are desirable machines for the following consumers:

- Estheticians who perform less than 10 microdermabrasion treatments a week.
- Those who desire a market-entry price with a low upfront investment.
- Recent graduates and estheticians new to microdermabrasion
- Estheticians who perform microdermabrasion treatments on the face, neck, and décolleté only or who use microdermabrasion in conjunction with peels.

# No Plumbing Pedicure Units

**The genius of simplicity LE.** The art of creating a pedicure chair without plumbing, without installation, and as simple as its name. This lightweight removable tub fills from a standard sink without any hoses or connectors. The tubs elongated design holds the perfect amount of water for a pedicure (1.5 gallons) and comfortably fits a size thirteen foot. Enjoy all the features and benefits of a regular pedicure spa without all the cleaning and the expense of plumbing and installation. Three (3) levels of vibrating aqua massage and heat ensures a truly luxurious and invigorating foot soak throughout the entire pedicure. The rolling and kneading massage provides a comfortable and quiet "hands on" experience that leaves your customers fully relaxed. Utilizing a fingertip touch wand, your client controls the kneading rollers to move vertically up and down the center back or remain in one specific area of the back, providing a pampering and customized massage. •Manual 4-way seat mechanism slides and reclines • Armrests pivot upward on a low profile seat for easy entry and exit •Optional manicure trays •Espresso, cream or black upholstery with adjustable headrest • Genuine cherry wood with industrial finishes • Two (2) year limited warranty
